

How to change the language with the SDG1000 series of generators

February 19, 2018

The SDG1000 Series provides 2 languages (English and Chinese) for the user interface.

Do the following steps to change the language on the user interface if it powers up in Chinese.

1. Press the Utility button on the front panel to enter the UTILITY function menu.
2. Press the 1/2 button to go to the second page of the UTILITY function menu.
3. Press the System button.
4. Press the Language button and select the language you prefer. (Toggles between English and Chinese)
